Dear Mrs Vigar,

I can confirm that the Council's Tree Officer has raised no objection to the proposed reduction in width of the Yew tree by 0.8m.

Yours Sincerely,
David Easton

Dear Mr Easton

Thank you for your email.

I confirm my acceptance to the proposed alteration to reducing the height of the yew tree. I note however there is no mention of the width as we discussed in our telephone call? Am I right in assuming there is no change to what we originally proposed?

Best wishes.

Lesley Vigar

Dear Ms Vigar,

As discussed during our telephone conversation earlier today (17th November 2014) I am now in receipt of the report from the Council's Tree Officer. In this report he states that the proposed reduction in height to 2.13m would be detrimental to the health and vitality of the tree. Therefore, he has proposed a reduction to 3.25 metres. I would be grateful if you could provide confirmation of your acceptance of the proposed alteration to the application by 12pm on the 18th November 2014.

Yours Sincerely,
David Easton
