Dear Ms Willard

Estella Wood has passed this to me for a full response to you.

I can confirm:

1. There is no garden space for either Unit 2 or Unit 3 of the Planning proposals.
2. The land to the rear (North) of the Unit 2 and Unit 3 proposals, is a Manège (or "Sand School"), established some years ago, owned by and used by the Applicant, resident at 1 Church Farm Cottages. There is no proposal to alter or develop any of the garden/amenity land within the application site.

Please let me know if you have any further questions, and I look for the determination of 2 of the 3 applications not yet received.

Yours sincerely

Andrew Fuller
