Dear Mr Murray,

The above application has been re-allocated to myself for determination.

In looking through the plans I have noted a small discrepancy between the Block Plan and Plans and Elevations which I hope you can clear up for me. Within the Proposed Floor Plans the proposal extends out in line with the rear wall of the neighbouring property (No. 7) however on the Block plan the proposed extension looks to protrude further than the rear wall of the neighbours. I expect the block plan is incorrect, however I would be grateful if you could confirm if it does or does not protrude past No.7's rear boundary and amend the plans accordingly.

Many thanks,

Kathryn Welch
