Dear Liz,

Highways were not stating it as a requirement, just a suggestion. As such, I will not insist on this or make it a condition. Instead, if we recommend approval, I will include the suggestion as an informative.

Kind Regards

Dear Simon

Please see Rupert Langmead's comments re: the footpath signs. Happy to provide them but the WSCC cycle path team have said they are not needed.

What would you like us to do. I suspect it may be worth going back to highways to point this out.

Regards

Liz

Hi Liz -- thought it would be easier if I replied direct to you ref signs etc. We of course can put signs up on our driveway warning people exiting the site that there is a cycle path. However the cyclists don't actually have right of way as the cycle path is separated from the road by a verge. Also Hiong Ching Hii of West Sussex council who was / is in charge of the cycle path has assured us that no signs are needed warning cyclists to give way at our entrance. And this is after his team have assessed our entrance twice. So it seems a bit rich that we now need to put signs up. Is it worth referring ADC to Mr Hiong Ching Hii?

Obviously we can do whatever you think best.

Cheers

Rupert
