Thank you for your email regarding the potential to install an additional window at your home. The Dovecote is a very attractive barn conversion which clearly retains elements of its agricultural origins. With buildings of this type we try to ensure that the agricultural qualities remain when considering any proposals ; simple elevations, attractive walling and limited openings as opposed to an overtly residential character. The concept of introducing a further opening is a tricky issue as, at present, there are only two windows present which are of a similar appearance. I note that you state that the proposal would be to put an identical window (identical construction) to the left of the ground floor window in the photograph that you have provided. Such a window would mean that a large area of what appears to be good quality flint work would be removed. However, in order to ensure that the character of the building, and therefore its significance is not harmed, I would say that you might be able to install a smaller window more akin to a double casement as opposed to the triple that is already present.

15. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

☐ Yes ☐ No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
