Dear Simon,

Further to our emails of 15th March I note a recent consultee response from Southern Water with regard to requiring a formal application for connection to the public sewer. As you will be aware this is a change of use application only and the facilities within the unit are historic, with an existing foul sewerage connection to the garage site to the rear, which the business use adjacent is also connected to. As such can you confirm no further action is required in this regard please.

Kind regards,
Natalie
