Subject: planning application Y/90/20/HH

From:

Yapton West Sussex

Dear Ms Willard.

I am writing in response to the planning application Y/20/90/HH for the proposed introduction of fences and gates at the property in Hobbs Court.

I am aware of all the difficulties that are described in the application, and how distressing and intrusive the existing position is for comfortable living, especially in terms of privacy requirement.

It has been noted over time that other residents at Hobbs Court have also applied for similar fences and gates, which have been granted in the past.

The whole area has changed already from the open plan of the original farmyard, in what appears to be sympathetic outcomes over time, and in relation to the Grade II listed environment. Also, in line with 21st century requirements for all.

I completely endorse this application, as considered to be a most positive addition to the existing site as a whole.

Yours sincerely,

Dilys Lownsborough
