Example Residential Travel Survey Questionnaire

INTRODUCTION

The survey is being undertaken as part of the monitoring process for the Residential Travel Plan. This Travel Plan aims to improve access to your housing development and ensure that residents are aware of all travel options available to them.

Travel plans are now a legal requirement for many new developments. This Travel Plan was submitted as part of the planning application for the housing development you live on.

The Travel Plan includes many travel-related targets which must be met within five years. All travel plans are monitored for five years to assess what progress has been made towards reaching their targets. This is done using a standard method to allow for easy comparison of results across West Sussex County Council (WSCC).

The results of the survey will be reviewed by the site's management, local borough officers and WSCC Highways. It will identify what local resident's travel needs are, ensuring you have a variety of travel modes to choose from, as well as all the support you need to choose the ones which are most convenient for you.

Your completion of the survey is important to us. To say thank you for participating, **[enter information on incentive]**.

Thank-you for your participation.
