Mr D Easton

24th January 2018

Dear Sir/Madam

Town & Country Planning Act 1990 (as amended)

Town & country Planning (Development Management Procedure) (England) Order 2015 - Article 5

Outline application for the development of up to 250 residential dwellings (Class C3), vehicular access, public open space, ancillary works and associated infrastructure.
Departure from the Development Plan
Land at Bilsham Road Yapton

Thank you for your internet representation made on 23rd January 2018 which has been recorded as '**an objection**' with the comments as follows:

I strongly disagree with this development, this village has been constantly bombarded with houses and enough is enough!

The destruction of the villages surrounding countryside and its wildlife population to line developers and landowners pockets is totally acceptable. A housing development of this scale is simply not needed in this village - where is the justification?

The infrastructure simply will not cope and the traffic in and out of the village will be utter gridlock. The queue at Comet corner will be back to Bilsham Rd in rush hour and no one will be able to leave the village. Many vehicles enter and exit the village at the A27 via the railway crossing and Walberton, I need not state the obvious about how the increase in traffic will affect that area!

Yapton is already losing its identity as a village, and is rapidly becoming a town but without any of the facilities a town should have.

I think the cumulative effect of all the recent developments along with those already in the pipeline seriously needs to be factored in.

This devastation to our wildlife and its habitat is absolutely unforgivable and heartbreaking.

Please listen to the residents views and refuse this planning application.

Your views will be considered before the application is determined and I shall write to inform you of any decision made.

Please be aware that if the application is to be determined by the Council's Development Control committee and your letter has been received at a late stage after the Agenda has been published you will not receive a separate letter notifying you of the date of the meeting and procedures for public speaking. In such circumstances it is recommended that you track the progress of the application on the Council's website or telephone the Council for further information. Please be advised that any comments you make that are not included within the Committee Agenda will be reported to the Members of the Development Control committee. Please also be aware that only a small number of all planning applications received go the Development Control Committee. Most

are determined under delegated powers by Officers in which case your comments will again be considered before the application is determined.

Please be aware that Planning Services operate an 'open file' policy and will publish details of your comments on the internet on the Arun District Council Planning section. Please ensure that you only provide information that you are happy will be made available in this way. If you supply information belonging to a third party, please ensure you have their permission to do so. If you do not wish your comments to appear on the 'open file' please confirm this in writing and I will arrange for it to be destroyed although this means that its contents will then be disregarded.

In the event of a subsequent written representations appeal, against a refusal of planning permission on a householder application, any representations made on the application will be automatically forwarded to the Secretary of State. Unlike all other types of appeal, there will be no further opportunity to comment at the appeal stage.

Yours faithfully

Neil Crowther
Group Head of Planning
