Dear Sir,

Regarding the above I can't believe that even more houses are being considered to be built in our Village. The village won't be a Village anymore if these are allowed.

We have insufficient infrastructure as it is. The school, doctors surgeries, sewers and roads are under threat. The school is overflowing, the Doctors Surgeries are certainly stretched to capacity. The sewers/drains have reached their limits and the roads are in bad repair. We need more money spent NOW. Life will be made more difficult with extra people and cars using already overstretch facilities.

Yours faithfully,

Gillian Crowley
