Subject: NO YAP-TOWN

I am saying NO to the Bilsham Road / Drove Lane proposal for up to 550 new homes . Bilsham Road is not suitable for any more Cars Vans Lorries it was not built to take the volume of traffic it takes today let alone another 200 or more ,has any one actually monitored the traffic along this road between 7-30 to 8-00am. it is one car behind another one person in each ,I try to cross this road ,children crossing to catch buses ,accidents waiting to happen . The main services are ie Water ,Sewage and Drains cant cope there is always flooding in Bilsham Road . GP Surgeries cant cope now let alone another 1000 or more people . The School is too small now ,Parents cant walk to school they all need to drive I don't know why ,just lazy blocking the main road no one can move . OH DEAR WHAT WILL HAPPEN TO OUR NICE VILLAGE . We don't want to be a TOWN , we want green fields and open spaces . These fields that are proposed for all these houses are used for GROWING CROPS to feed us , does that not matter any more . Also what about all the wild life that is around Yapton Birds which are many ,Deer and Foxes Badgers not mentioning the Sloe Worms and Snakes . You cant move them away . Also what of the Streams that run across the fields . The many footpaths that many locals use plus dog walkers where do they go . Oh NO TO YAP-TOWN . Its greed on certain people they don't live here in what was a nice little Village . And many like my self want Yapton to remain a Village. SO NO YAP-TOWN. From Mrs BURROWS
