Subject: Planning applications for Y/91/17/out Bilsham Road and Y/91/17 out Drove Lane

Dear Sir/Madam

I would like to voice my fears of the proposed development of 250 and 300 new houses in Yapton where I live. It is a small village with not many amenities, many new homes have already been built here in recent years. It is getting more difficult to get out of the village on to the A259 safely in a car. We do not have the infrastructure in place for more houses in our village. People moved here to have village life and not live in a town. Please stop this huge development ruining our village.

Kind regards

Edwina Brown

Resident of Yapton
