

APPLICATION NO: Y/92/17/OUT

I agree that the archaeological potential of this site needs to be investigated further in order to identify deposits of interest that might be present and to implement appropriate measures for their preservation. This process would be most appropriately secured through the implementation of a version of standard planning condition ARC1, as follows:

No development shall take place until the applicant has secured the implementation of a programme of archaeological work in accordance with a written scheme of investigation which has been submitted by the applicant and approved by the Planning Authority.

James Kenny
