Mr D Easton

24th January 2018

Dear Sir/Madam

Town & Country Planning Act 1990 (as amended)

Town & country Planning (Development Management Procedure) (England) Order 2015 - Article 5

Outline application with all matters reserved save access, for up to 300 dwellings, link road, surface drainage, open space and landscaping. Departure from the Development Plan and Access route is within the Yapton (Main Road) Conservation Area.

Land east of Drove Lane Yapton

Thank you for your internet representation made on 23rd January 2018 which has been recorded as '**an objection**' with the comments as follows:

This is contradictory to our neighbour plan. The government has indicated that where a planning application directly conflicts with a neighbourhood plan which has been brought into force, planning should not normally be granted.

This village must be allowed to consider and decide how they wish to see their Parish grow in Tandem with the new emerging Arun Local plan 2011-2031. This wish is in the spirit of localism, the foundation of neighbourhood planning and aligns with the new emerging Arun Local Plan 2011-2031. This application rides roughshod over this process. This would permanently and detrimentally harm the rural aspect of the village. Much rural land has already been lost in and around this village over recent years. I used to live in a town. I chose to move to a rural location and enjoy village life. This has already been eroded over the last few years. Enough is enough.

*Under the neighbourhood plan this village has already exceeded the number of houses it was required to deliver.
The road junctions affected just cant cope with the excess traffic that would be caused. Comet corner in particular is already dangerous, the extra traffic movements on that junction caused by extra households driving to work as there are no jobs in the village, will make it much more dangerous.*

Your views will be considered before the application is determined and I shall write to inform you of any decision made.

Please be aware that if the application is to be determined by the Council's Development Control committee and your letter has been received at a late stage after the Agenda has been published you will not receive a separate letter notifying you of the date of the meeting and procedures for public speaking. In such circumstances it is recommended that you track the progress of the application on the Council's website or telephone the Council for further information. Please be advised that any comments you make that are not included within the Committee Agenda will be reported to the Members of the Development Control committee. Please also be aware that only a small number of all planning applications received go the Development Control Committee. Most are determined under delegated powers by Officers in which case your comments will again be considered before the application is determined.

Please be aware that Planning Services operate an 'open file' policy and will publish details of your

comments on the internet on the Arun District Council Planning section. Please ensure that you only provide information that you are happy will be made available in this way. If you supply information belonging to a third party, please ensure you have their permission to do so. If you do not wish your comments to appear on the 'open file' please confirm this in writing and I will arrange for it to be destroyed although this means that its contents will then be disregarded.

In the event of a subsequent written representations appeal, against a refusal of planning permission on a householder application, any representations made on the application will be automatically forwarded to the Secretary of State. Unlike all other types of appeal, there will be no further opportunity to comment at the appeal stage.

Yours faithfully

Neil Crowther
Group Head of Planning
