Subject: SxBRC Report - Land north of Yapton Primary School

Dear Simon,

Please find attached a desktop biodiversity report for land north of Yapton Primary School.

The habitat map towards the front of the report shows open water and indicates a pond in the field to the west of the site in question. Unfortunately we don't have a hedgerow layer to show.

Please would you confirm by email that you have received this message and the attached files.

If you require any further information please do not hesitate to contact us.

Best wishes,

Helen
