Thank you Paul.

Is it the kiosk alone which will be over the ground?
No fence?

Paul,

This is not a further information which we are asking for but the requirement of condition 9 that you want to discharge.

As I have explain you in our recent telephone conversation, we are slightly behind because of delay of Southern Water comment which are crucial in the case of pumping station.

Our Draining Engineers did not have any comment.

Because of this above we are giving you are chance to provide it now.

I believe it can be with me tomorrow; it is immensely simple drawing. You can do it even by hand.(I studied Architecture so I know what I speak about).

Kind regards

Maria

Maria

Thank you for your email.

I have asked the manufacturer for the drawings. To say it will only be discharged partially is a bit unreasonable. You have had eight weeks and then you ask for more info and on the same day tell me that. I will allow an extension.

Kind Regards

Paul,

I haven't heard from you yet.

Are you providing us with elevations.

Having a virtual meeting with a manager I have learned that if you do not provide it it would be discharged only partially and you have to ask for the rest.

Kind regards

Maria
