Dear Zoe,

We are starting to receive comments from local residents and although there are only three so far, two of these require clarification as to the boundary treatment to Fellows Gardens. I note on the landscape plans that there is a thick green line shown here and it is assumed this means that the existing hedge/vegetation is to remain however the green line is not annotated/not shown on the plan legend and it is also unclear if any additional fencing will be proposed. Can this be clarified please preferably by amendment to the drawing.

Kind Regards
