Dear Kathryn,

I have just had a call from the owner of 22 Fellows Gardens. He is concerned about security to his property during construction and also post completion until such time as the landscaping grows & matures in respect of his western boundary. He says he currently only has a timber fence less than 1.8m and would like a new fence erecting (or perhaps you might offer to increase the height of his existing fence). I told him I would raise this with you.

Kind Regards
