Dear Kathryn,

We have been asking for some time although it was not a requirement when your outline permission was granted in October 2017.

As background, note that ADC took a report to Local Plan Sub Committee on 20th November 2017 (item no.11) and then Full Council on 10th January 2018, the purpose of which was to highlight the ADC Vehicle Infrastructure Study which explains how ADC plans to address the issue of electric vehicle charging. To view the Officer's report, please click on this link: <https://www.arun.gov.uk/download.cfm?doc=docm93ijim4n11611.pdf&ver=11593> and <https://www.arun.gov.uk/download.cfm?doc=docm93ijim4n11610.pdf&ver=11592>.

However, in my view it is a matter to be considered at reserved matters as it relates to matters of layout. You can either provide a further plan to indicate the location of charge points or we can include it as a condition on the reserved matters.

Kind Regards

Hi Simon,

Thank you for confirming.

I tried to call earlier this morning but note that you work from home on Thursdays. With regards to the electric vehicle charge points, this wasn't a requirement at the point permission was granted and wanted to discuss whether the charge points are necessary. I am in the office for the rest of the day and all day tomorrow if you would like to discuss.

Kind regards

Kathryn
