Hi Simon

Thanks for the link, I've now had a look at the submitted amended plans re landscape and can confirm that the detail does now provide confirmation of the hedge previously detailed to be 'made good' being the boundary treatment between the development and Fellows Gardens. The proposals will provide a suitable treatment and regime for this retained hedge. The treatment proposed will allow the hedge to remain, providing retained screening between the two developments.

I would therefore now be able to recommend my approval of the Landscape details outstanding from the reserved matters application Y/98/18/RES.
