Dear Mrs McGarrie,

I did receive your email. However, our policy is not to respond to questions raised by local residents in objection to planning applications. Instead, we respond in the form of the officer report which is produced at the time of the decision.

Kind Regards

Dear Mr Davis,

I wish to voice my concern in the strongest possible terms about the proposed development plans for the field behind our home.

I have read your e-mail to my husband, Chris Lowrey & while i accept that the block of flats will be more than the minimum distance away from our property, i still think that this is extremely bad planning, as by the very nature of multiple flats, we WILL be very overlooked by multiple people!.

Would it not be possible to have a house behind us, or a play area & move the block of flats further along, so it will overlook the allotments, rather than existing properties.

I also would like to request that a proper boundary, ie a wall or fence is erected by the developer to separate the new development from our homes completely & so no access will be possible between the two sites.

I look forward to your response.

Best regards

Kate Lowrey.
