Dear Kathryn,

I had written the ecology condition at the same time as the other two but I think My Team Leader missed the decision on that one. It will be issued today.

Happy to impose conditions for those three matters.

I have had to push back the write up of this application due to the need to concentrate on reports for decisions which are ready to go. I am also now tied up with Committee report write ups until w/c 20/05. I will aim to work on your report during that week.

Kind Regards

Simon J Davis MRTPI | Principal Planning Officer, Planning Department, Directorate of Place, [Arun District Council](#) |

Dear Simon,

Thank you for providing an update on the conditions and discharging 12 and 24. Are you also able to discharge condition 15 (ecology enhancement)?

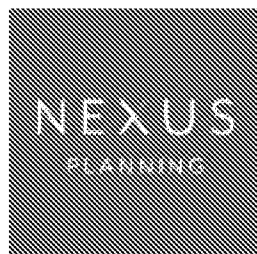

In relation to the management of the Japanese Knotweed, the charge points and a remediation strategy please can these be conditioned. Can you advise as to whether your report has been drafted and can quickly be finalised once the drainage matters have been resolved?

Kind regards

Kathryn
