Dear Simon,

The works on site were to do with the Japanese Knotweed and I enclose for your information confirmation that the site has now been cleared. Works were also being undertaken in relation to the junction which was approved as part of the outline application.

Kind regards

Kathryn

Dear Kathryn,

Please can you advise what works are currently being undertaken on the site.

Last week, I had a call from a neighbour saying that they thought that actual building works were taking place. Also I have had another call this morning complaining about working on site seven days a week. I accept that there are no planning restrictions on people working at the site (only condition 14 of Y/19/16/OUT which controls the hours of operational and construction vehicles) but I would like to get an understanding on what works are currently taking place and what works are taking place on Sundays.

Kind Regards
