Subject: RE: Land off Burndell Road, Yapton - Y/97/18/DOC and Y/98/18/RES

Hi Simon,
I have spoken to our Streetlighting team – The columns will have to be 6 metres as the lighting has been designed to this height, this lowers the energy consumption as more area is lit and intern lowers our carbon footprint.

Kind regards

Lee Moses

Hi Lee,

Self-explanatory email from Arun DC planner Simon Davis.

Please would you respond to him directly.

Thanks,

Tim

Hi Tim,

I wonder if you can assist with a question about street lighting for this scheme.

One of our Councillors has recently raised a concern about the height of the street lighting columns (6m) and has said that the 6m ones on Phase 2 of Fellows Gardens are too high. The Councillor has requested that we only agree 5m columns.

I have asked the applicant who has said no as they have already ordered 6m high columns.

As I believe the intention is to adopt this site, would WSCC in principle accept 5m high columns? There is no point us pushing for 5m if County won't agree.

Kind Regards
