Dear Mr Davis

I believe 4/98/18/RES is the current Building Plan that Boris are using in "Yapton View".

I am having difficulty finding out:-

- a) who designed it?
- b) who passed it?
- c) when it was passed?
- d) Was it a Gleeson plan or a Boris plan?
- e) Did the plan go to a 'Secretary of State' - as the previous plan did?

also, another problem I have is the planning regulations regarding the space between buildings which we discussed on Friday 15 November 2019.

I understood the space should be 23-25m.

- a) Is that between the brick wall of a house to brick wall of the flats?
- or
- b) From a 'habitable room' of a house to flats brick wall? - (which have windows facing us in Fairholme Drive)

The Reason I need to be clear is that I need to instruct the surveyor to measure the distance correctly.

Thank you for all your help.

P.S. I will come to ADC and pick up your answer from Housing Reception - if that is OK with you. Please text my mobile when ready.
