A detailed architectural rendering of a two-story house. The house features a gambrel roof with decorative bargeboards. The main body of the house is clad in horizontal siding, while the lower portion and the attached garage are finished with brick. The house has several windows, including a large bay window on the left and a smaller window on the right. A small porch with a gabled roof covers the entrance. A brick chimney is visible on the right side of the house. The detached garage has a gabled roof and a single door. The entire scene is set against a plain white background.
