Y/99/13 Planning application

Sent from Windows Mail

Dear Sir/Madam,

I understand objections to the above appeal were due by 16/1/14 but I have been out of the country for the past two weeks and would be most grateful if you could add my name and that of my wife, Sally to the list of those opposed to this scheme. I will also be delivering a written objection to Mr Cronin at the Planning Department in the next couple of days and would again request that this be taken into consideration. A 250-house development on this site is not on.

Yours faithfully,

Peter Warren
