3rd August 2017

Dear Sir/ Madam,

I am writing in support of my planning application for a two storey-side extension and front porch on the property 'Wealden House 7 London Road Fontwell'. This site is located within the Lidsey Foul Water Treatment Catchment Area. The existing property is connected to mains drainage and uses a soak away for rain water drainage. The proposed development does not change these means of drainage. The scheme will require a connection to foul drainage and the existing public mains drainage system. I attach this letter alongside the supporting material and form for my online application.

Yours faithfully,

Richard Lisle
